

Board of Directors Report

Your RCU Board members are Doug Erhart, Jerry Suko, Jim Jensen, Ken Clouston, and myself, Addison Fry.

As members of the Credit Union all of us in the room are owners of this amazing financial institution. The annual meeting gives us a chance to get together and report how the Credit Union is performing. It also provides us the opportunity to be involved in management through voting for volunteers to guide and direct our Credit Union.

Throughout the year the directors and volunteers meet monthly to assure the Credit Union is moving in the proper direction. Together in partnership, our team of volunteers and staff have chartered a course for growth and success for the future of our organization.

Your Board of Directors is diligent in our efforts to operate the Credit Union efficiently by managing and monitoring our operating expenses. We take great pride that our Board has always embraced the philosophy of watching over the Credit Union's finances in a conservative manner.

I wish to thank the staff and volunteers for all their outstanding efforts in operating our Credit Union very successfully in 2019 & over the years.

I, and all the RCU volunteers wish to express our gratitude for your support and ongoing business you conduct at the Credit Union. We regret we were not able to have our usual meeting and celebration this year but plans are already underway to restore it next year.

Stay well and healthy everyone.

Respectfully Submitted,
Addison E. Fry, RCU Vice-Chairman
